

OSU First Aid Process and Policy

For each team, they must possess and identify:

- Minimum one individual with current first-aid training, who will serve as the individual asked to administer first-aid as needed
- Each team will maintain an extensive first-aid kit
- OSU will supply all full-time staff with additional first-aid kits, and have them available at all major club events and venues
- OSU will support individuals who wish to pursue first-aid training by compensating them for the cost of registration
- If at George Nelms Sports Park, the first-aid kits are always available in the club storage building
